RACE MEET.

First race—Five furlongs, 4:30
P. M.
Second race—Hunters' steeple-
chase.
Third race—Six furlongs.
Fourth race—Open steeplechase.

John Green's Essex and H. Flippen's Lizzie Flat, which ran such a pretty race in the second steeplechase Saturday afternoon at the Virginia State Fair Grounds, are entered in the final steeplechase this afternoon, and this event should again prove the feature of the afternoon's card. Essex is the choice, with Lizzie Flat second. Mr. Flippen's horse showed Essex hard Saturday, and her backers have not lost hope in her ability to carry off first money.

A head of eight is entered for the first steeplechase this afternoon. Young Blitzen, Saturday's winner, being among the number. W. M. Parrish, Jr.'s Broadway Girl and J. L. Garthright's Bertha Barker also are entered in this event. There are six entries in the second steeplechase. John E. Kirby's Nollies, which came in first in the opening at race Saturday and was disqualified, is entered in the first race this afternoon. The horse is a favorite with the crowd. Mr. Garrett's Sam Fudge, which was given first place Saturday, and which ran Nollies a good race, is entered also. Dr. W. G. Cooke's Lamprimmer, winner in the second flat race Saturday, and E. C. Alnut's Chaplain, third in the same event, are among the entries for the six-furlong race.

There will be five classes in the horse show, which begins promptly at 2:30 o'clock. The first class will be for hunters of the Deep Run and River-side Clubs, and there will be many entries. Hunters in pairs and harness horses in pairs will be seen in Class 14 and Class 2. Class 5 is for roadsters, and the last Class 9 is for middle and light weight hunters.

Announcement is made by the officials of the meet and show that all races will begin promptly at 4:30 o'clock. It is concluded at that hour they will be postponed until some other time. Every possible effort will be made to get the races off with quick dispatch, and the rather long waits between events experienced Saturday will be done away with to-day.

The card of to-day's races is an unusually good one, and some great sport is looked for. Fair weather is promised, and it is expected that a record crowd will turn out.

REVIEW OF WEEK IN SPORT WORLD

Indications Are That Danville
Will Retain Lead in Virginia
League for Some Time.

DISASTROUS WEEK FOR COLTS

Success Attends Opening of Local
Race Meet and Horse Show
at Fair Grounds.

BY JAMES L. WEST,
Sporting Editor.

By winning two of the three games with Norfolk while the Champions were dropping three games to Roanoke, Danville crowded Richmond out of first place in the Virginia League last week, and now holds the race by a single game. The Sox play three games with the Colts at Danville the first half of this week, and they should strengthen their lead, for Richmond cannot expect to land more than one of the games. Of course, the unexpected may happen, but Danville has been going on a rapid pace for two weeks and the team was never in finer condition than at the present time.

While Luck broke against the Champions throughout the week, it must be admitted that they lost the series to Roanoke more through over-confidence than anything else. Those reverses should be an object-lesson to the team, and no doubt will be of great benefit to it.

Confidence is a good thing for any ball team to possess, but an overabundance of it is sometimes undesirable. All of the teams in the Virginia League this season are fast and no one of them can go against the other with absolute confidence that it will win without going to the limit.

Good players on the Norfolk Team. With the exception of Norfolk, all of the teams are straightened away now and they are showing their true form. Norfolk has a great bunch of players, but the team has not yet found its men to go with it. The pitchers are not going very well. There are two weak spots, the more noticeable in the catching department. "Happy" Chandler is a good outfielder and a great hitter, but he is not a good catcher. Skipper Clarke is a good look-out for another catcher, and if he secures a good one the Crew will show the other teams the way to the finish stake in September. The team has some good pitchers, Savage and Oley being among the best in the league. Temple and Vols are good men, but have not yet rounded into form. Hartman has shown little or nothing thus far, Clarke is not playing the game at first that he should, and his listless style there may have something to do with that. The other men are better.

Danville is showing great class now and is an even bet with the best to win the pennant. The team is fielding well and has developed wonderfully in hitting. When the season opened, Sox were regarded as a bunch of light hitters, but nearly all of the pitchers in the circuit have great respect for the "weak" ones on the team.

The past week was a rather disastrous one for Richmond, the Champions losing four of the six games played. The team is fielding well and is hitting fairly good. The action of Manager Lipe in releasing Joe Lohr will meet with approval here. "Scrap Iron" Cowan can field better than Lohr and he has been murdering the opposition almost everywhere he has played. Kiefer is a good catcher and can relieve Messitt at any time.

Lynchburg has disappointed the fans of its home city, and Manager Orth probably will get busy now and strengthen the weak spots in the team. Roanoke and Portsmouth are going better now and are giving trouble to the other teams.

Success Attends Opening.
Success attended the opening of the first annual spring race meet and horse show of the Virginia State Fair Grounds, which was held at the Virginia State Fair Grounds. There was an unusually large number of entries in the horse show classes and, as a whole, the horses gave better performances than seen at any previous spring horse show in the city. The races were exceptionally good, close finishes being furnished in each event. The two steeplechases, of course, were the features, and better sport than they furnished could not have been desired.

The race meet and horse show continued to-day and to-morrow, and the race cards for the two days are excellent. Many fine jumpers, hunters and saddle and harness horses are entered, and some fine performances will be seen.

The Jamestown race meet at Norfolk attracted much attention from the men all over the East, and some of the best known runners in this section were entered. The attendance was exceptionally large, and even larger crowds are looked for this week.

Championship Game.
Much interest is being shown here and in other cities of the State in the championship baseball game which will be played at Broad Street Park at 4:30 o'clock this afternoon between William and Mary College and Richmond College. The Spiders have not won a single championship game since 1904, and they hope to retrieve themselves to-day. The William and Mary team is very fast, and should give the local collegians a hard fight. Last Monday it defeated the Randolph-Macon team.

Hampden-Sidney and Randolph-Macon are expected to fight for first place in the championship of the Eastern Virginia Intercollegiate Association, and should William and Mary win this afternoon it will stand equal with these two colleges. After the game to-day a post-season series will be played to decide the championship. Should Richmond College win to-day, the only game will be played, that being between Randolph-Macon and Hampden-Sidney.

Pirates Retain Lead.
By breaking even with Philadelphia and taking the first game of the series with Brooklyn, the Pittsburgh team succeeded in retaining its lead in the National League race. It has three more games with Brooklyn, four with New York and four with Boston, and Manager Clarke says he will be highly elated if his team can keep in the lead until it returns to West.

The Chicago Cubs split even with the Giants and are now in second place. The Giants seem to be getting back to their old form, but they are woe-begone behind the bat, neither Schlot nor Merkle being able to fill the shoes of Brennan.

Mix-Up in Detroit.

DETROIT, MICH., May 16.—To-day's game, won by Boston 3 to 2, had an exciting finish, with Carrigan trying to strike Moriarity as he lay on the ground, and was caught coming in. Carrigan and the runner had a mix-up after the play was completed, the catcher striking at Moriarity as he lay on the ground. Other players got in before any harm was done, but it was necessary to spirit the Boston catcher away from the park to avoid trouble.

GOOD RECORDS OF VIRGINIA PLAYERS

Dabney Leads With Stick, Pear-
son Standing at Top of Field-
ing Average List.

[Special to The Times-Dispatch.]
CHATELLETSVILLE, VA., May 16.—Below will be found the records of the University of Virginia players in the season just ended. Dabney leads with the stick, with an average of .278, while Carl Walker is a good second, with .271. The select class of 1909 was not reached this year, the club batting is .205, which is fairly good for a college team.

Below is a finding average of .991, eclipses Frank Bowman's .990—made in 1907 on the New York Nationals. Virginia's catcher caught 100 per cent of the balls thrown to him. The club fielding of .913 was rather low, and ragged fielding was mainly responsible for the games Virginia lost.

The hitting on the Northern trip was exceptionally good, but the fielding was quite ragged. Honaker probably led during the excursion, with a stick average of .348.

TENNIS AT UNIVERSITY.
Championship Cups Go to McCulloch, Chambliss and Wood of Virginia.

CHATELLETSVILLE, VA., May 16.—Doddridge McCulloch, of Martinsburg, W. Va., and George B. Chambliss, of Williamsburg, N. C., and George B. Eager, Jr., of Louisville, Ky., in the doubles championship of the University of Virginia. The scores were 6-3, 4-6, 6-2 and 6-2. The winners will receive silver cups.

McCulloch and Eager were the winners of the fall tournament, and at that time Messrs. McCulloch and Chambliss were defeated by Messrs. Eager and Wood. Eager and Wood have fought their way to the top, after several hard matches, and they are displaying the spirit of a team-work. Mr. McCulloch, who was sick early in the season, has now fully regained his strength, and in the match with Chambliss he played a particularly telling, and he kept inside the lines with persistence. Mr. Wood, with a strong back-court play, made them a formidable team.

Messrs. Eager and Eager are to play for the championship in singles. Mr. Eager having beaten Mr. Annis. The Washington and Lee tennis team will likely come to the university on Monday, and an event is being made to secure a match with North Carolina.

DIG AUTO RACE IN WEST.
Indiana Enthusiasts Setting Out to Make New Records.

CHICAGO, N. Y., May 16.—Automobile enthusiasts of the West are preparing for a 410-mile race for the Cobb cup over a twenty-four-hour period, at the Point Hotel, on June 10. It will be the first big automobile road race ever held in this part of the country. There will be a preliminary race on June 18 for the Indiana trophy. It will be 245 miles long and open to cars with a piston displacement of 100 cubic inches. The Cobb cup will be open to cars with a piston displacement not exceeding 525 inches. Already eight machines have been entered, and the race experts are hurrying work on the course, and with unusually fine macadam roads to work on, it is thought that the Indiana race will make it the fastest course ever raced over in this country.

The present American road race record of 511 miles in 24 hours was made at Savannah. Some men who have seen both courses, say the Indiana is superior to the Southern.

NEW RECORD FOR HAMMER THROW.
Cornell Man Goes Seven Inches Beyond Mark Made by Dewitt.

ITHACA, N. Y., May 16.—An endeavor to be made to have the hammer throw made yesterday by Lee J. Talbot, of Cornell, in the dual track meet between Cornell and Princeton, stand as the intercollegiate record. It was said yesterday that the throw, announced as 167 feet 4 inches, would be a new record, but it was found that it was not used in taking the measurement. The official judges met later, however, made the measurements in the standard manner, and found it to be just 167 feet, which is 7 inches better than the record of 160 feet 5 inches, held by Dewitt, of Princeton.
